IEMDTC2020 籌備委員會敬上

Dear Brothers & Sisters in Christ,

The unprecedented, once in a century pandemic and unstable international relationships have severely impacted global economies and societies. Under the impact of the current environment, the Chinese Coordination Centre of the World Evangelism (CCCOWE) is hosting a series of three online meetings that aim not only to re-unite Christian businessmen and marketplace leaders who had participated in 2019 IEMDTC, but also their associates who are interested to walk together in time of adversity. It is hoped that, through online meetings, participants will build each other up with the love of Christ, walk hand in hand in reality and spirituality, explore opportunities together under the new normality and discipline themselves to renew their strength in God. We sincerely invite you to join the online meetings and forward the invitation to more Christian marketplace leaders.

In each meeting, there will be featured sharing, biblical insights & response, small group discussion and quiet meditation. Under permission and in a safe environment, we also encourage participants in the same region to gather together in person to join this online meeting, so that you can meet with each other, connect and pray together. Through all these programs, we hope to connect and bless all our Christian business leaders in time of adversity.

Over the past ten years, Mr. Law has found his role in the family, workplace and community, and has experienced great joy with God. Especially in the workplace, he understands that his job is to work for the Lord. He aims to be a salt and a light, and to glorify God. The business is to manage the industry for God, to work with employees with the attitude of servant leaders, and to establish a harmonious leadership team. In management, we use love, sincerity, and justice to strive for excellence. When we fail, we seek wisdom. When we are disappointed, we look for hope. Everything is for the glory of God. He found that when he was in this state of mind, he was still able to win by the Lord and feel happy in a highly competitive society.
